

PROGRESSIVES STAND AGAINST BOSSISM, BIG OR LITTLE IN NEW YORK

SLOGAN SOUNDED BY ROOSEVELT TODAY

Ruthless War Will be Waged
Against Corruption and
Unholy Alliances

DECLARES PRIMARY LAW
IS NOT ISSUE AT STAKE

Barnes Waxes Grouchy—Inti-
mates Roosevelt is Dema-
agogue and Self Seeker

CARROLL, Iowa, Aug. 26.—Colonel Roosevelt, when shown Timothy Woodruff's statement, saying the Republican fight in New York hinged on the direct primary issue, replied: "The progressives favor direct nominations substantially on the Hughes plan, but this is not the main issue. The main issue is that we stand against 'bossism,' big or little, and in favor of popular rule, not only at elections but in party organization. Above all our war is ruthless against every species of corruption and alliances between corrupt business and corrupt politics."

BARNES GROUCHY—SAYS
ROOSEVELT IS SELF SEEKER
NEW YORK, Aug. 26.—William J. Barnes, the Republican leader of the New York state regulars, today replied to Col. Roosevelt's "dig" given before starting on his Western trip, saying he was ready for a fight at the Saratoga convention. Barnes charged Roosevelt with not helping the New York Republican party, but merely getting the personal advertisement that he seeks. Barnes says: "I am against making demagogue politicians and their pet theories the issue in this fight. Roosevelt says he opposes crooks; so does every other honest man. I regret the controversy in New York, as it means it will be impossible to conciliate the factions after the convention. Roosevelt is not helping the party by the course he is taking, but is getting the personal advertisement he so much desires."

REGULARS SCARED IN WASHINGTON

Believed Poindexter Will be
Elected Unless Taft
Inteferes

SEATTLE, Aug. 26.—Postmaster General Hitchcock is expected here momentarily by the managers of the Burke and Wilson senatorial campaigns. With the arrival of Victor Murdock in this state, the regulars realize that the weight of the administration must be thrown into the "regulars" campaign if they expect to succeed. It is admitted today in both the Wilson and Burke camps that only prompt action by President Taft at Washington can prevent Poindexter from carrying the state by a forty per cent vote.

50000 People Saw Lewis Win Trophy In Big Auto Race

ELGIN, Ill., Aug. 26.—Livingstone Lewis, in a National automobile, today won the Illinois trophy, before fifty thousand spectators, on an 8 1/4-mile track, twenty-four laps to the race. This was the Chicago Motor Club's National stock Chassis event. D. Duck, in a Harmon car, won the Kane trophy, going twenty times around the same course simultaneously.

WASHINGTON, Aug. 26.—The completion of the census will show that the United States has a population of between ninety and ninety-one million, according to Director Durand of the Census Bureau. Adding the Philippine population the total will reach one hundred millions.

SAN BERNARDINO REPUBLICANS TRY TO GET TOGETHER

SAN BERNARDINO, Aug. 26.—Two largely attended political conferences were held in this city last night by representatives of rival elements among Republicans, who fought it out at the primaries a week ago Tuesday. But the conferences last night were not for the purpose of devising ways and means to keep up the battle. Each was with a view to finding a method or basis of ending the differences, that Republicans of both factions may unite, and give honest and hearty support to the ticket the primaries nominated, "from governor to constable," as one of the resolutions adopted put it. The first step looking to this end was taken by the insurgents a week ago, when they appointed a "steering committee," the announced purpose of which was to secure for Hiram Johnson the full vote of the Republicans of the county, and of course the basis of this naturally leads to the giving and accepting of mutual pledges of confidence and good faith, in support of the entire ticket nominated at the primaries.

SHASTA MAN EARNS \$100 IN MONTH FOR SLAUGHTERING LIONS

L. P. Boyes earned \$100 last month with his trusty rifle by bagging five mountain lions in Squaw Valley Creek, Shasta county. The California Fish and Game Commission paid him \$20 for each scalp. Boyes' record was the best in the state last month, making a good salary for a mountaineer. Fourteen mountain lions were killed last month, on which the state had to pay bounties. The warrants drawn today by State Controller Nye show that the following counties were the profitable hunting grounds: Mariposa, Sonoma, Tulare, Ventura, Merced, Humboldt (2), Santa Barbara, Butte, Shasta (5). Of recent months the number of scalps are falling short. Not long ago thirty or forty were exchanged for \$20 pieces every thirty days.

BOOST BELL FOR VICE PRESIDENT

Eagles Start Boom of California Democratic Gubernatorial Nominee
ST. LOUIS, Aug. 26.—San Francisco Eagles who are attending the convention here are enthusiastic over the prospects of Theodore A. Bell, Democratic candidate for governor of California. Not only are they predicting his election as governor, but they have already started a boom for "Bell for the vice presidency in 1912."

Bell, they say, will win on account of the big split in the Republican ranks on the Pacific Coast and will be in line for the vice presidential nomination in 1912.

EAGLES TURN OUT GRAFT QUARTET

Grand Aerie Found Four Prominent Members Guilty—
Quick Action

ST. LOUIS, Mo., Aug. 26.—John D. Hayes of Newark, N. J.; Bernard Monaghan of Philadelphia, Pa.; Martin Gray of New Haven, Conn., and Edward Kraus of Wilmington, Del., former officers of the Grand Aerie of the Fraternal Order of Eagles, were expelled from that order by a virtually unanimous vote of the Grand Aerie in session here today.

The four men were charged with having known of rebates given by the John Dodsforth Company of Leavenworth, Kas., and with having accepted rebates on certain supplies for the order. The rebates, it is alleged, amounted to something like \$12,000.

STREET CARS CRASH IN CITY STREETS

Los Angeles Scene of Accident
—Three Women and Fire-
men Hurt Seriously

LOS ANGELES, Aug. 26.—Three women and a member of the Los Angeles Fire Department were seriously injured, and several others slightly injured last night at Twentieth street and Grand avenue, when car No. 478 of the Grand avenue line crashed into the rear of car 580 of the same line, ripping off the fenders of both cars, shattering the glass fronts and hurling passengers into tangled masses on the floors. According to Motorman Edward Koehm of car 478 the overhanging trees shaded his view of the car ahead, and when he applied his brakes they refused to work properly. Both cars were outboard, and when the accident happened were crowded with passengers.

ROLL OF DEAD IN NORTH- WEST STEADILY GROWS

Pinchot Expresses Admiration of Heroic Fight of Forest Rangers

CHICO, Aug. 26.—Berdan, a town on the Humboldt road near Chico, is doomed to destruction by fire. Men, women and children who have been working frantically since yesterday to turn the approaching flames from their track today abandoned hope. An appeal for help has been sent to Chico. The buildings in the town are all wooden and it is believed it will be impossible to save them.

Fire on San Mateo Mountains
SAN FRANCISCO, Aug. 26.—Timber and brush fires raged all night in the San Mateo mountains. The peninsula to the southward was covered with a pall of smoke, and the men fighting the flames are making but little headway. A second fire is reported near Crystal Lake, in the Spring Valley watershed.

Pinchot Proud of Fire Fighters
WASHINGTON, Aug. 26.—Gifford Pinchot, discussing the forest fires situation, said: "I am proud of the men who work against fires. They have given their lives to protect the homes of the settlers in the Western forests, upon whom Western prosperity depends. Forest fires are preventable, and the loss of life from them is almost wholly preventable. The only way to fight fires is to begin when the flames first start."

BUT 25 GOVERNMENT

LEWISTON, Idaho, Aug. 26.—All of the five hundred government fire fighters in the Clearwater Forest Reserve have been accounted for except 25, according to today's reports to Major F. A. The mayor was given last night for the first time full details of the attempt to kill him. He showed great interest, but his comments were not made public.

BEAR AND CUB MAKE VISIT DURING EARLY HOURS OF MORNING

GIBBONVILLE, Cal., Aug. 26.—A bear and its cubs visited the camp of the Gladstone Mine yesterday morning early and the tracks of the animals were found near the cot of Miss Hattie Root, daughter of Superintendent Charles Root, who has been sleeping in the open air. Nothing about the camp was disturbed and only the tracks gave evidence to the campers of the visit. During the day Miss Root and a companion were out riding when they encountered the bear and cub in the roadway. The larger animal walked slowly into the underbrush without molesting the women, while the cub ran along in the road for several rods before escaping into the woods.

TYPHOID FEVER NOT EPIDEMIC

Less Than Half a Dozen Cases in Entire
City and Few Cases Throughout the
County—Mostly of Foreign Origin

The talk of typhoid fever in Santa Ana has grown into rather sensational reports. Yesterday somebody said somebody else had said there were ninety-five cases in the city. An earlier report was that Dr. Ball alone had eleven cases.

On the other hand Health Officer Clark is reported to have given out a statement on Wednesday to the effect that there were but four cases in the city, and that he had examined the city water at the reservoir and found it as pure as when it came from the ground at the wells—absolutely free from contamination.

Dr. C. D. Ball said today: "I have four cases of typhoid in my practice, but only one of them is properly chargeable to Santa Ana; the others are out in the country. Several cases that I know of have been brought into this city from the outside. There have been three deaths from typhoid that are chargeable to Santa Ana. I do not believe there is any common source of infection; these cases are sporadic, having, I think, different sources of infection."

Dr. J. M. Burlew said: "I have three cases and have lost two of them. Judging from statements made to me by other physicians I think we have had between twenty and twenty-five cases in Santa Ana within the past six weeks or two months. I do not believe any public supply of water or milk is the source of infection. So far as I have heard there is not a single instance of more than one case in the same family. Those cases of which I have full knowledge seem to indicate that the disease was contracted out of town, the victims being those who had frequented the beaches, or had been visiting or working away from home."

Dr. J. L. Dryer said: "I haven't had a single case of typhoid this summer; but I have several patients now about whom the report may have gone out that they have typhoid. It is not uncommon for the report to get out that this or that person has typhoid fever when such is not the case at all. This sort of erroneous report is almost sure to spread and be exaggerated at times

when a few cases of real typhoid are known to exist."

When seen today Dr. J. I. Clark, city health officer, said: "On Monday I called up every physician in town and could find but four cases of typhoid in the city—of course some of the city physicians had cases outside of the city, and I have heard of no new cases within the past four days. It is the duty of all physicians to report cases of typhoid to me, and I have especially instructed them to do so."

When Dr. Burlew's statement, that he believed Santa Ana had had 20 to 25 cases of typhoid within the past two months, was repeated to the health officer, Dr. Clark said: "I am sure Dr. Burlew is mistaken. We haven't had that many cases in Santa Ana. And, taken all in all, I am sure we are not having more typhoid than we have every summer. Our people run to the city and the beaches and all over the country, and in this way we get most, if not all, of our typhoid fever. Of course we may have a few cases originate here, for like every good-sized town we have a limited number of unclean people. Some of our town cows, too, are not as clean as they ought to be. Filth is the source of typhoid fever."

Candidacy of Judge Conrey

(A Correction.)

The Register's political wires got crossed yesterday Judge N. P. Conrey is not a competitor of Judge Shaw for a place on the appellate court bench. He is the competitor of Judge W. P. James, who was appointed to fill the vacancy caused by the death of Judge Taggart. Judge James is or will be an independent candidate, just as Judge Conrey is and for the same reason, to-wit: that when the vacancy was created by the death of Judge Taggart it was too late for nomination at the primary to fill the vacancy. There is no connection between either of these independent candidacies and the candidacy of Judge Shaw by nomination at the primary. It was an injustice to Judge Shaw and also to the Lincoln-Roosevelt League to intimate that the former's candidacy was not satisfactory to the latter.

NOW PROBING MURDER OF KENDALL FAMILY

Mrs. Starbuck Testifies at the
Coroner's Inquest
Today

SAYS JAPANESE TOLD OF
KILLING THE KENDALLS

Her Story is Identical With the
One Told Formerly to the
District Attorney

SANTA ROSA, Aug. 26.—Heavily veiled Mrs. Starbuck testified before the coroner's jury today. She talked so low the coroner was forced to ask her to raise her voice at numerous times. The witness repeated the story told District Attorney Lea regarding the visit of Yamaguchi to her Oakland home where he confessed to killing the Kendalls after alleging they had attacked him. She said that she does not know the present whereabouts of Yamaguchi.

W. A. Cockrill, who testified that he discovered the Kendalls' disappearance, and Judge Tropper, who told about finding fragments of the victims' bodies, were the other witnesses on the stand.

Mrs. Starbuck said the Japanese was greatly excited as he told about the crime, forgetting to eat the supper she had prepared. She said the Japanese's right cheek had a bruised appearance.

Sensation Was Expected
SANTA ROSA, Aug. 26.—Startling disclosures are expected today when Mr. and Mrs. Henry F. Starbuck of Oakland, owner of the ranch on which the Kendalls were murdered, appear before the coroner's jury to tell about the murder.

Besides the Starbucks, eight other witnesses are testifying. They are W. C. Cockrill, who discovered the Kendall family's disappearance; Judge Tropper, Deputy Sheriff Tropper, Sheriff Jack Smith, Deputy Sheriff McIntosh, Arthur Collins and Miss Jeanette Thompson, who saw Henry Yamaguchi, the Japanese wanted in connection with the killing. Dr. S. S. Bogle is also a witness.

THE ORANGE STREET FAIR PROMISES TO BE SUCCESS

The Register has received quite a number of inquiries about the Orange Street Fair, as to the dates, character, and general conditions and circumstances. The following from yesterday's Orange Post will give the information desired:

Are you wearing a street fair pen-
Suant? If not, you are not a booster;
that is the decision handed down
from the Burgomeister, and he knows.
A thousand lapel and five hundred
vehicle pennants have been received
by the Publicity Committee of the Or-
ange County Street Fair and are go-
ing fast through the medium of free
distribution. The reports from the

various committees show that the fair
will be a great success, and as the
days pass increased interest is mani-
fested, not only by the committee in
charge but by citizens in general.
The display of products will be am-
ply provided for, and every producer
that can get up an exhibit is urged
to make the best possible showing.
There will be about 50 booths around
the plaza circle for the exhibits for

which no rent will be asked and all
the expense the exhibitor will have to
bear is the time he or she puts into
the work. These displays will not be
confined to ranch products, but any
ladies that have anything of their
own make, such as battenburgs,
burnt wood, hammered copper, can-
ned fruits, etc., are cordially invited
to make such displays, and report
their intention to the committee, so
that space may be reserved. Suitable
awards will be made for the best ex-
hibits.

The decoration committee is de-
signing four arches to be erected at
each entrance to the fair grounds.
Booths will line each side of the
streets for a block each way from the
plaza, which will be occupied by the
business men, and around the circle
is reserved for the products, over
which will be a canopy of wires
strung with pennants and electric
lights—the pennants for day decoration
and the lights for the night.

The concession committee has en-
tire charge of the street booths and
wish to make the following state-
ment to inform the public of the nec-
essary steps to secure booths and
privileges during the fair, September
22, 23 and 24.

The Merchants' and Manufactur-
ers' Association has secured from the
city trustees the exclusive privilege
of the streets for the street fair,
which conveys the privilege of issu-
ing all licenses. Each business house
that contributes to the carnival fund
will be accorded the privilege of the
booth in front of its place of business
for the purpose of selling and display-
ing goods in its line. These booths
are at the disposal of the concession
committee, in case a merchant does
not contribute or does not use his
frontage.

The plat of booths available for
concessions will be found at A. J.
Klunk's store, and concessions will
be sold by him after September 1st,
when he will have determined how
many merchants desire to use their
available booth privileges. Persons de-
siring privileges should apply im-
mediately after September 1st.

Monday evening the street fair
committee met in executive session
and heard reports. The concession
committee was authorized to close
the contract for a captive balloon.
Other amusements have been secured
that will keep the young folks busy
during the fair.

GOOD NEWS

Many Santa Ana Readers Have

—"Good news travels fast," and the
thousands of bad back sufferers in
Santa Ana are glad to learn that
prompt relief is within their reach.
Many a lame, weak and aching back
is bad no more, thanks to Doan's
Kidney Pills. Our citizens are telling
the good news of their experience with
the Old Quaker Remedy. Here is an
example worth reading:

S. H. Whithead, 607 W. First street,
Santa Ana, Cal., says: "A great many
people have called upon me to learn
about my experience with Doan's Kid-
ney Pills and at such times I have
always recommended this remedy in
the highest terms. For several years
I was troubled by a weak and painful
back. If I did any lifting or over-ex-
erted myself in any way, I suffered
from sharp twinges through my loins.
I also had much trouble from the
kidney secretions. At one time the
passages were too frequent, then
again just the reverse and the flow
was scanty and painful. Doan's Kid-
ney Pills took prompt effect upon my
trouble and it was not long after be-
ginning their use that I was entirely
relieved. During the past two and a
half years, I have had but little trou-
ble from my back or kidneys and I
have not felt in need of a kidney
medicine."

**NEWPORT'S
SALOON IN
FULL SWING**

Newport now has a saloon running full blast.

The trustees had agreed to grant a license on condition that the licensee erect a new liquor house to cost not less than \$5000, the license to be issued upon completion of the building.

The building was in course of construction at the time of the recent fire at Newport and was one of the buildings then destroyed. This was claimed by the men to whom the liquor license was to be issued as "an act of providence," for which they were not responsible, and thereupon they asked that the license be issued without further delay. The city trustees agreed in this point of view insofar as it related to the time of issuing the license, but they insisted that the \$5000 building condition must be complied with. The outcome was that the licensees put up a bond of \$5000 to insure the completion of a \$5000 building within ninety days, and thereupon the trustees issued the license and the saloon began business.

Many who visited Newport last Sunday reported that the new order was very much in evidence.

**RUNAWAYS CAUSE
MUCH EXCITEMENT**Tustin Mule Started Fracas—
Mr. Long and Miss Louise
Long in Accident

Two runaways caused considerable excitement in Tustin yesterday afternoon. A mule driven by a young Spanish boy became frightened at a motorcycle and started to run. He turned at the first corner, colliding with a buggy in which were Mr. Long and daughter, Louise. The buggy was overthrown, spilling both Mr. and Miss Long to the ground. This caused their horse, an animal belonging to Mr. Bennett, to dash away with the buggy, which had righted itself, dragging Mr. Long, who had wound the lines about his hand, for the distance of a block, where the buggy struck a telephone pole and was badly damaged. The horse kept on down the street for two or three blocks.

Horace Stevens took Mr. Long home in his auto. Mr. Long was badly bruised, but no bones were broken. However, he will be laid up for several days.

**FIGHT FOR CONTROL OF
THE COUNTY CONVENTION**

Judge Howard of Anaheim "R regular" Candidate for Chairman—"Progressives" will Have Strong Man for Candidate—Strength Very Evenly Divided

There will be a lively scrap between the progressives and the regulars for control of the Republican county convention at Spurgeon's hall tomorrow afternoon. As near as either faction can figure out its strength there are but a few votes to spare either way. And the lines are not clearly drawn at all. Quite a number of strong Johnson men, it is said, will vote with the regulars in the convention, and many on tariff or personal grounds, and there are not a few regulars who are expected to vote with the Johnson men in the interest of harmony, for personal reasons, or in recognition of the majority rule.

called for Aug. 29, to be held at A. E. Hawley's sporting goods house, Santa Ana, for the purpose of organizing a winter baseball league to be known as the Orange County Baseball Association. Eight clubs will be linked together from the neighboring towns as follows: Santa Ana, Artesia, Olive, Tustin, Anaheim, Huntington Beach, and two other towns.

All managers representing teams in Orange county are cordially invited to be present. Red Perkins, promoter of amateur baseball in Southern California, will come down from Los Angeles to render as much assistance as possible.

A series of from 15 to 22 weeks will be played out. A trophy will be donated by the Spalding people. This is the first time in the history of Southern California that Orange county has taken the step to play with teams of their own caliber, here before bringing clubs from Los Angeles to play other teams in this section.

A. E. Hawley of Santa Ana is spoken of as president of the Association

Judge Howard of Anaheim, present chairman of the county central committee, will be the regular candidate for chairman of the convention, and the progressives will have out a strong, popular man. The regulars claim that Howard will break into the ranks of the progressives at Anaheim and Fullerton and take from them several votes, while the progressives claim that many on whom the regulars are counting are post-primary converts to insurgency.

The progressives claim they will present a man for chairman whose personal following among the regulars will be a surprise to those who think they can control that faction.

owing to his active work in organizing the league.

GET TOGETHER TOMORROW!

If left to the Register there would be no fight at tomorrow's convention. Why should there be? We are all

Republicans and ninety-nine out of a hundred on either side, have the best interests of the party—nay the best interests of the whole people at heart.

Why not do this: Agree on Dr. C. D. Ball for chairman of the convention and R. Y. Williams for chairman of the county central committee. Then divide the delegation to the state convention and the members of the county central committee equally among the progressives and the regulars?

Endorse Taft—he deserves it.

And let the tariff alone—its loaded. That would be a getting together as is a getting together. It would spell harmony with a great big H.

Try it men and see how good it is for brethren to dwell together in peace.

ALL REPUBLICANS NOW

Governor Gillett and Phil A. Stanton have honored themselves by congratulating Hiram W. Johnson on his nomination by the Republicans of this state. The great point in their communications in which they tender themselves in aid of his campaign is that the congratulations are not belated. They are promptly given as though in response to an impulse that unhesitatingly bows to the popular will. Under the circumstances the pledges of support given means of course that they are to stand on the one issue that has been and will continue to be made by Johnson. This issue has been now overwhelmingly decided for Johnson, and now they take their stands on it with him. This is in harmony with Stanton's circular letter in which he declared against railroad activity in politics, and promised if elected to do his best to put it down and out. He did not, however, make his campaign on this issue, but on the claim that Southern California was entitled to the Governorship at this time. Under ordinary circumstances this might have won out, as there was no doubt much merit in it. But it was impossible as things stood to make it dominate the campaign.

There was another issue that, in the minds of the voters overshadowed all others, and that was the one that Johnson adopted for his campaign slogan. He convinced the Republicans of the state that everything else must wait on this, and they so decided. Had it been Stanton instead of Johnson making the campaign on the issue, he would have been the nominee. It was not so much a case of men as of policy. "Let us take back our government" sounded good to the voters, and it still has the same old ring as when Johnson first gave it voice.

There have been threats from certain quarters that Johnson cannot be elected even though nominated. That many so-called "regulars" will now join the Democrats there is but little room for doubt. They are, however, of that class whom Johnson proposes to "kick out of the government of the state," and it is not to be supposed that they are going to assist in the process. It is far more likely that they will connive at the election of Bell.

Such men as Governor Gillett and Phil Stanton are not, however, of that kind. There are many such men in this state who will not only go through the perfunctory performance of congratulation, but who will, like Gillett, Stanton and Meserve, take the stump and help boost Johnson into the gubernatorial chair.

SAME OLD HOLLER

There is just now a great roar to be heard at Narragansett Pier. It is in the same old key with which we are all familiar. It will be remembered that a fashionable gambling den was lately raided and some society folk were caught in the net. Now they are leaving in droves and there is the usual cry that reform "is hurting business." And, oh! it hurts so very badly that the reformers are being "severely criticised." It comes, of course, from those whose business is hurt by the enforcement of the law. The situation is the same as when

Roosevelt undertook to regulate the railroads, by enforcing the law. He was charged with "hurting business," and he answered to the effect that the business was hurt by being compelled to comply with the law ought to be hurt. So with the fashionable outlaws at Narragansett Pier, or any other outlaws anywhere else, whether violators of anti-liquor and anti-gambling laws, or just plain horse thieves, their business ought to be "hurt" and the more it is "hurt" the better for the community.

The promoters of the proposition to produce the Johnson-Jeffries pictures get very little encouragement from the outcome in Arcadia the other night. Not only were the operators arrested, but the public did not patronize the show. It is now very plain that when Johnson put out Jeffries he knocked out the films as well. Who wants to see a big black pug whip a white one?

The "dear" son-in-law and "dear" mother-in-law are not as a rule very much in evidence, but it was in evidence in a Los Angeles justice court the other day that a certain son-in-law was "dear" to a certain mother-in-law to the tune of about \$8000; and thus it will be seen that the English language is very elastic in expression.

Now that the ladies have taken to seeing alligators on the Northern lakes, it's time to begin an agitation against drinking strong tea.

IS ORANGE IN DANGER OF LOSING ELECTRIC ROAD?

Orange Post: The attention of the leading citizens of Orange is hereby called to the imminent danger of this city's losing the electric line which will connect the county seat with the Santa Ana canyon road. Some months ago an agent of the company stated in this office that they would gladly build into Orange, if provided with the right of way. Two weeks ago H. E. Huntington and other officers of the road came up the Main street line from Santa Ana to the bridge; but they evidently did not think it worth while to appeal further to Orange, for they did not come here. From this visit and certain other indications we feel quite sure that the route of this connecting road will be determined very soon. Meanwhile the citizens of Orange are wasting their strength fighting each other, apparently oblivious of the trend of events and neglectful of the passing opportunities.

AMUSEMENTS

Bear Killed in Santa Ana
The Strategem of Bob, a Cow Boy, was a most laughable ending to an exciting bear hunt and the killing of Old Bruin. It all took place right in the heart of town, and caused no end of sport. The bear, a great big fellow, showed as much desire to get away as his followers were desirous of getting him, and a nearby tree afforded a means of escape for the time being, as all efforts to dislodge him had failed, until Bob, who had just been jilted by his best girl, and was in the right kind of humor to vent his anger on bear or anything else, came on the scene. One shot, and mister bear comes down, and then the fun starts. Well, you will have to see it to know the rest, for no one can tell it. It is the best Western Drama in moving pictures, and is called "The Cowboy's Strategem," and tonight is your last chance. It and four other great pictures at the Temple Theater tonight, Tomorrow (Saturday matinee) presents for the ladies and children.

"CORPSE" ALIGHTED FROM TRAIN, SHAKES UNDERTAKER'S HAND

MARYSVILLE, Aug. 26.—To travel fifteen miles with a dead wagon to meet a train bearing a corpse, and then have the alleged corpse alight from the train and shake hands with him was the experience of John Hocking, assistant to Undertaker Kelly, of this city, last night.

On Monday evening Ed. Wetzel, an employee of Ed. Bailey, of Tudor, Sutter county, figured in a runaway near Woodland. He was rendered unconscious, and, by many, was supposed to be dead. One of the latter sent a telegram to Bailey informing him of Wetzel's demise, and stating that the remains would arrive at Tudor Tuesday night. Accordingly, Bailey made arrangements for Kelly to take charge of the body, and Kelly sent Hocking to the Tudor depot to receive the corpse.

When the train stopped Wetzel walked off the train and shook hands with Bailey and Hocking. He demurred to being made the subject for a funeral, even in the face of the elaborate preparations that had been made on his account.

WHITMAN, IN REO 4, SETS LOWEST OF ALL TRANS-CONTINENTAL RECORDS

With a new transcontinental record to shoot at in years to come, it is figured by automobile dealers that there will be more cross-country travel in an effort to lower the record set up by L. L. Whitman in a four-cylinder Reo.

From New York to San Francisco in 10 days 15 hours and 12 minutes is a mark that is not an easy thing to set, nor will it be an easy one to break, but that attempts will be made to lower it is assured, for already several of the larger eastern factories have turned their attention to the long ocean to ocean grind.

The former record of 362 hours and 12 minutes for the run from ocean to ocean was clipped to 255 hours and 12 minutes by Whitman, whose run is something that will go down in the history of motoring affairs as a phenomenon which only much shooting and favorable luck and weather can equal.

To knock off 107 hours of the transcontinental record is something that probably no other driver in the world could do unless there was much practice and considerable "holler" before hand about the performance to be expected.

Whitman quietly went about his business and tore into the record for such a gain that all the more credit is being given him.

FOUL PLAY SUSPECTED

Foul play is feared to have befallen E. L. Goodrich, a contractor who left Anaheim Monday morning for Los Angeles, en route to Bay City, to resume work on a building he was constructing at that place. He failed to arrive and all efforts to locate him have been in vain. A search has been conducted by his friends and the police of both Anaheim and Los Angeles, but no trace has been found.

Goodrich had \$30 on him when he left, intending to pay carpenters who were working for him. He had a good balance in an Anaheim bank and good credit, with no outstanding obligations. His family affairs were without any trouble that is known, and the theory that he met foul play is the only one that can be entertained, as all the hospitals and police stations have been thoroughly searched.

PLUCKY MINING MAN CRAWLED TWO MILES

Shattered Leg in Giant Powder Explosion on Desert, But Pulled Himself to Safety

SAN BERNARDINO, Aug. 26.—Gus Williams, one of the best known mining men in the county, lies in the hospital with a shattered leg and a constitution completely shaken as the result of a powder explosion on the desert. After the explosion Williams crawled two miles over the fiery sand to Siam, where he was taken aboard a train which brought him to San Bernardino.

Williams was on his way to his mining property with a burro loaded with provisions and two cans of giant powder. Something went wrong with the cinch and he unpacked the burro to adjust the pack. While trying to screw on the top to one of the powder cans Williams's pipe dropped from between his teeth and fell directly into the open can. Instantly the miner fell back-

Do You Open Your Mouth

Like a young bird and gulp down whatever food or medicine may be offered you? Or do you want to know something of the composition and character of that which you take into your stomach whether as food or medicine?

Most intelligent and sensible people now-a-days insist on knowing what they employ whether as food or as medicine. Dr. Pierce believes they have a perfect right to insist upon such knowledge. So he publishes, broadcast and on each bottle wrapper, what his medicines are made of and verifies in plain English. This he feels he can well afford to do because the more the ingredients of which his medicines are made are studied and understood the more will the superior curative virtues be appreciated.

For the cure of woman's peculiar weaknesses, irregularities and derangements giving rise to frequent headaches, backache, dragging-down pain or distress in lower abdominal or pelvic region, accompanied, oftentimes, with a debilitating, pelvic, catarrhal drain and kindred symptoms of weakness, Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in curing painful periods, in giving strength to nursing mothers and in preparing the system of the expectant mother for baby's coming, thus rendering childbirth safe and comparatively painless. The "Favorite Prescription" is a most potent strengthening tonic to the general system and to the organs distinctly feminine in particular. It is also a soothing and invigorating nerve and cures nervous exhaustion, nervous prostration, neurasthenia, hysteria, spasms, chorea or St. Vitus's dance, and other distressing nervous symptoms attendant upon functional and organic diseases of the distinctly feminine organs. A host of medical authorities of all the several schools of practice, recommend each of the several ingredients of which "Favorite Prescription" is made for the cure of the diseases for which it is claimed to be a cure. You may read what they say for yourself by sending a postal card request for a free booklet of extracts from the leading authorities, to Doctor Pierce's Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and it will come to you by return post.

"HOME BUILDERS" boasts a wonderful progress—surpassing that of any similar enterprise in this country of big things.

It points to dollars and cents accomplishments.

This statement is not a mere showing, for a study of it will prove that "HOME BUILDERS" is a concrete, substantial enterprise, offering the investor a reliable, profitable avenue of earning.

Its shares today at \$1.90 is a wise investment. On the strength of the above resources, surplus and undivided profits and its 16 per cent cash dividend the advance to \$1.95 on September 1 is amply justified. In fact, good business demands it. You will profit big by buying before the advance.

ward, the explosion occurring at the same time.

The force hurled a rock through the air so it struck Williams on the left ankle and shattered the bone. The burro ran away, and Williams was left severely injured on the desert, unable to walk.

Realizing that to save his life he would have to reach the railroad station, two miles distant, the injured miner crawled the entire distance, dragging his shattered limb. He reached the station just before the overland westbound arrived, and although several hours had elapsed from the time he sustained his injury, he was cooler than most of the passengers, who crowded around sympathizing.

FUNERAL SERVICE OVER REMAINS OF MRS. NAY

Surrounded by lovely flowers, the late Mrs. Happy Noy lay peacefully at rest yesterday afternoon in the familiar parlor of the home where the Nays have resided since living in Santa Ana. The house was filled with friends who thus demonstrated their esteem for the one who had by her life shown herself to be a consistent Christian and an estimable wife, mother and friend. Rev. Chas. H. Secombe, pastor of the First Congregational church, to which Mrs. Nay belonged, conducted the funeral service. Those comforting songs, "Some Day We'll Understand" and "Jesus, Lover of My Soul" were sung by Mrs. Ella Fyfe.

Those acting as pall bearers were Prof. J. A. Cranston, A. J. Crookshank, J. A. Hankey, J. E. Talcott, W. B. Wetherbee and George Wells.

LOS ANGELES PRODUCE MARKET

A slump in grapes was one of the chief characteristics of yesterday's market. Muscatels in some instances sold as low as 40 cents a box. Black Hamburgs, Malvasi, Rose of Peru and other black varieties on the market are selling as low as 50 cents regularly. The arrivals of Concord grapes have not been large, as few of these grapes are grown to perfect maturity in this section. They are holding at \$1.25. Delaware grapes, or the red Concord as they are at times called, are bringing the same figure. Tokays were down to \$1 per box.

Celery was also listed among the sliding list. Good celery was easily obtainable at \$2.75 per crate. Lettuce was down to 75 cents a crate. The one vegetable that showed an upward instead of lower tendency was cauliflower. This product is selling up to \$1.50 per crate. Cucumbers sold down to 10 cents a box and pickle cukes were worth about 25 to 35 cents.

There were no changes in egg prices. Receipts were 146 cases. The market was good and there was such a call for case count that prices toward the end of the morning were up to 34 cents on a few small sales.

Butter declined on creamery extras. The new price is 32½ cents. The price of second grades, instead of coming lower, advanced. Cooking and lard were both quoted at 25 cents a pound. There was an excellent call for creamery extras at the lower figure. Receipts of butter were 40,242 pounds.

Arrivals of cheese totaled 2909 pounds. The call was good in Swiss imported and northern fresh. Offerings in other lines were good but buying slow.

Salinas potatoes are beginning to arrive here. The first car in was sold at a trifle below \$1.50, which was fixed as the wholesale quotation on the stock. Receipts of spuds were only 304 sacks.

Onion prices declined to \$1.50 flat in all varieties except silverskins. There was a fair call for them. Arrivals were 372 sacks. The first new pink to arrive by freight were yesterday reported. They came from the Santa Ana

BLACKSMITH CONVICTED

Harmon-Williams Battery Case
Results in \$100 Fine
For Harmon

District Attorney Davis has been in Orange most of the time for the past two days prosecuting the case of the People against F. H. Harmon. Harmon is a blacksmith about 45 years old, doing business at McPherson. On August 7, he was in Orange and was boasting about his work and applying offensive language to other blacksmiths in the county—this in the presence of J. C. Williams, an Orange blacksmith, 70 years of age. Williams asked if Harmon was addressing his remarks to him. Thereupon Harmon gave Williams a sweeping back-handed blow and knocked him down. Williams' elbow was dislocated in the fall.

The result of the trial, this morning, was the conviction of Harmon, on the charge of battery, and he was fined \$100.

—The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

ALFALFA RANCH SELLS FOR \$23,000

Perris Property Goes to Iowa Men—Owen Made \$10,000 Profit in Seven Months

RIVERSIDE, Aug. 26.—For a consideration of \$23,000 cash, E. W. Williams has sold a 140-acre alfalfa ranch two miles north of Perris to P. A. Handley and Elmer E. Handley, who recently arrived in Riverside from Iowa. It is the purpose of the new owners to make the property one of the model alfalfa ranches of Southern California.

The ranch is irrigated by a well which furnishes 150 inches of water, lifted by a 40-horse power engine. On the property are a seven-room residence, a five-room bungalow, large hay and stock barn, creamery building, implement house and bunk house.

Mr. Lawrence has had possession of the property only seven months, but he has realized well on his investment in that time. He bought it last January from Harry Chandler of Los Angeles for \$17,000. Since that time he has cut \$4000 worth of hay from it, and another crop is ready. The ranch is located on the Perris boulevard.
